Medallia Reports Record First Quarter Fiscal 2022 Revenue

- Q1 Subscription Revenue of \$106.1 Million, up 19% Year-over-Year
- Q1 Total Revenue of \$131.4 Million, up 17% Year-over-Year

SAN FRANCISCO--(BUSINESS WIRE)--June 1, 2021--Medallia, Inc. (NYSE: MDLA), the global leader in customer and employee experience, today announced financial results for the guarter ended April 30, 2021.

"I'm pleased with our performance in Q1. In addition to record subscription revenue we had our highest number of quarterly go-lives ever, as we added more new enterprise and mid-market customers," said Leslie Stretch, President and CEO of Medallia. "We have more sales capacity and more product than at any other time in our history and more industry analysts validating our innovation leadership. We have strong geographic and vertical end-markets and more mature and effective alliances. Following record attendance at our Experience 21 conference we are focused on execution for the rest of the year and we see an opportunity to accelerate our subscription growth."

Non-GAAP Financial Measures

In addition to financial measures prepared in accordance with U.S. generally accepted accounting principles ("GAAP"), this press release and the accompanying tables contain, and the conference call will contain, non-GAAP financial measures, including non-GAAP gross profit and gross margin, non-GAAP subscription revenue gross profit and gross margin, non-GAAP operating expenses, non-GAAP income (loss) from operations, non-GAAP net income (loss) and weighted average basic and diluted shares. Our management uses these non-GAAP financial measures internally in analyzing our financial results and believes they are useful to investors, as a supplement to the corresponding GAAP financial measures, in evaluating our ongoing operational performance and trends and in comparing our financial measures with other companies in the same industry, many of which present similar non-GAAP financial measures to help investors understand the operational performance of their businesses. However, it is important to note that the particular items we exclude from, or include in, our non-GAAP financial measures may differ from the items excluded from, or included in, similar non-GAAP financial measures used by other companies in the same industry. In addition, other companies may utilize metrics that are not similar to ours.

The non-GAAP financial information is presented for supplemental informational purposes only and is not intended to be considered in isolation or as a substitute for, or superior to, financial information prepared and presented in accordance with GAAP. There are material limitations associated with the use of non-GAAP financial measures since they exclude significant expenses and income that are required by GAAP to

be recorded in our financial statements. Please see the reconciliation tables at the end of this release for the reconciliation of GAAP and non-GAAP results. Management encourages investors and others to review Medallia's financial information in its entirety and not rely on a single financial measure.

We adjust the following items from one or more of our non-GAAP financial measures:

Stock-based compensation. We exclude stock-based compensation expense, which is a non-cash expense, from certain of our non-GAAP financial measures because we believe that excluding this item provides meaningful supplemental information regarding operational performance. In particular, companies calculate stock-based compensation expense using a variety of valuation methodologies and subjective assumptions.

Employer payroll tax expense related to stock-based compensation. We exclude cash expenses for employer payroll taxes related to stock-based compensation, from certain of our non-GAAP financial measures because we believe that excluding this item provides meaningful supplemental information regarding operational performance. In particular, this expense is tied to the exercise or vesting of underlying equity awards and the price of our common stock at the time of exercise or vesting, which may vary from period to period independent of the operating performance of our business.

Amortization of acquired intangible assets. We exclude amortization of acquired intangible assets, which is a non-cash expense, from certain of our non-GAAP financial measures. Our expenses for amortization of intangible assets are inconsistent in amount and frequency because they are significantly affected by the timing, size of acquisitions and the inherent subjective nature of purchase price allocations. We exclude these amortization expenses because we do not believe these expenses have a direct correlation to the operation of our business.

Acquisition-related costs. We exclude costs related to acquisitions from our non-GAAP financial measures. These costs include transaction and integration related costs associated with acquisition activities.

Option acceleration payments related to acquisition. We exclude costs related to option acceleration payments from an acquisition from our non-GAAP financial measures. These costs include payments as part of the close of an acquisition.

Restructuring and other. We exclude restructuring and other from certain of our non-GAAP financial measures. Restructuring and other primarily consists of lease impairments and net expenses related to leased properties which we cease to occupy. Any losses and gains associated with these activities are generally unrelated to financial and operational performance in any particular period and we believe the exclusion of such losses and gains provides for a more useful comparison of operational performance in comparative periods that may or may not include such losses and gains.

Amortization of debt issuance costs. We exclude costs related to the amortization of debt issuance costs from certain of our non-GAAP financial measures. Under GAAP, we are required to amortize the issuance costs over the term of the debt. The amortization of the debt issuance costs is a non-cash item, and we believe the exclusion of this expense will provide for a more useful comparison of our operational performance in different periods.

Income tax benefits. We exclude tax benefits related to acquisitions from our non-GAAP financial measures. These tax benefits realized consist of the change in the valuation allowance resulting from acquisitions. In addition, we exclude tax benefits related to our stock option exercise deductions and certain discrete and one-time events.

Non-GAAP Supplemental Financial Information

Subscription billings: We define subscription billings, a non-GAAP financial measure, as total subscription revenue plus the change in subscription deferred revenue and contract assets, excluding acquired contract assets.

Note on Forward-Looking Statements

The forward-looking statements included in this press release and in the accompanying conference call, including for example, the quotations of management, the statements under the heading "Financial Outlook" above, the information provided in the "Financial Outlook" section of the tables below, strategies, discussion of our commercial prospects, partnerships, estimates of future revenues, operating income/loss and expenses, stock-based compensation expense and related employer payroll tax expense, amortization of acquired intangible assets, acquisitions and acquisition-related costs, restructuring and other expenses, amortization of debt issuance costs and income tax benefits, and the impact of the ongoing COVID-19 pandemic and related public health measures reflect management's best judgment based on factors currently known and involve risks and uncertainties. These risks and uncertainties include, but are not limited to, potential disruption of customer purchase decisions resulting from global economic conditions including from an economic downturn or recession in the United States or in other countries around the world, timing and size of orders, relative growth of our recurring revenue, potential decreases in customer spending, including as a result of the COVID-19 pandemic and related public health measures, uncertainty regarding purchasing trends in the cloud software market, customer cancellations or non-renewal of maintenance contracts or on-demand services, developments in and the duration of the COVID-19 pandemic and the resulting impact on our business and operations, and the business of our customers and partners, including the economic impact of safety measures to mitigate the impacts of COVID-19, our potential inability to manage effectively any growth we experience, our ability or inability to develop new products and services, increased competition or new entrants in the marketplace, potential impact of acquisitions and investments, changes in staffing levels, and other risks detailed in periodic reports we filed with the Securities and Exchange Commission, including our Annual Report on Form 10-K filed with the SEC on March 22, 2021, which may be obtained on the Investor Relations section of Medallia's website (https://investor.medallia.com/financials/sec-filings/default.aspx). Additionally, these forward-looking statements involve risk, uncertainties, and assumptions, including those related to the impacts of COVID-19 on our business and global economic conditions. Many of these assumptions relate to matters that are beyond our control and are changing rapidly, including, but not limited to, the timeframes for and severity of social distancing and other mitigation requirements, the impact of COVID-19 on our customers' purchasing decisions and the length of our sales cycles, particularly for customers in certain industries highly affected by COVID-19. Significant variation from the assumptions underlying our forward-looking statements could cause our actual results to vary, and the impact could be significant. All forward-looking statements in this press release are based on information available to us as of the date hereof. We undertake no obligation, and do not intend, to update the information contained in this press release or the accompanying conference call, except as required by law.
